- [x] Take after-clean photos for our records
- [x] Final presentation check before handover

# What's not included

These are commonly treated as extras. If you need any of them, ask us and we'll quote them separately.

**Carpet steam cleaning.** Quoted as a separate add-on, particularly when your agent asks for a receipt or a pet treatment.

**High and exterior windows.** Reachable ground-level glass is included. Upper-storey and hard-to-reach exterior windows are not.

**Full wall washing.** We spot clean marks. Washing whole walls, such as after smoking or heavy discolouration, costs extra.

**Heavy mould and stains.** Deep mould treatment, and permanent stains or damage that can't be removed safely by cleaning.

**Garden and outdoor maintenance.** Mowing, weeding, pruning and heavy yard tidy-ups are separate from an indoor bond clean.

**Repairs and pest control.** Fixing holes or broken fittings, and flea or pest treatments, sit outside a standard clean.

**Furniture and fragile items.** We don't move heavy furniture or clean delicate ornaments, artwork or personal belongings.

**Changes after the clean.** Dust settling, insects, footprints or grime from open windows after we leave aren't covered.

Not sure whether something is covered? Ask us when you request your quote.
